By Nora Weeks

Ebury Publishing. Paperback. Book Condition: new. BRAND NEW, The Medical Discoveries of Edward Bach, Physician, Nora Weeks, In 1912 Edward Bach qualified as a medical doctor and embarked upon a career which not only had a profound effect on medical science, but brought to ordinary people the world over, a simple, safe and effective system of healing. Dr. Bach made a detailed study of bacteriology, immunology and homeopathy and found a clear connection between chronic disease and negative mental attitudes. It was the relationship between mind and body which formed the basis of his further research and as he became increasingly convinced that emotional harmony was the key to good health, he was determined to find a simple, non-invasive and harmless method of healing which could be used safely by everyone.
