Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. The word is nearly ubiquitous: at the grocery store we shop for sustainable foods that were produced from sustainable agriculture ; groups ranging from small advocacy organizations to city and state governments to the United Nations tout sustainable development as a strategy for local and global stability; and woe betide the city-dweller who doesn't aim for a sustainable lifestyle. Seeming to have come out of nowhere to dominate the discussion from permaculture to renewable energy to the local food movement the ideas that underlie and define sustainability can be traced back several centuries. Caradonna's unique and concise history broadens our understanding of what sustainability means, revealing how it progressed from a relatively marginal concept to an ideal that shapes everything from individual lifestyles, government and corporate strategies, and even national and international policy. For anyone seeking to understand the history of...
