Having been only lovers, Bella and Xander must now become friends if their relationship is to endure the hardships of longevity. Before they can begin their new life together, they must also learn to accept each other for who they really are - in and out of the office and bedroom. For Bella, being the fiancée of a busy CEO is difficult enough, but being a full-time medical student as well, is even more challenging as she tries to find the time for her man and her education.
