By James A Merrill

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Studies in Zoology: An Introduction to the Study of Animals for Secondary Schools and Academies This volume is not intended to add anything to the science of Zoology. It is not for the investigator, it is for the beginner. The author has found that laboratory guides are as a rule too dry and conventional to accomplish the best results and he has accordingly attempted to make these directions simple and suggestive as well as comprehensive. The plan of these studies was worked out in the Manual Training High School, Kansas City, Mo., where it was thoroughly tested with students of all grades of the high school. The book has also been tested in two Normal Schools and in several high schools and has been found to warrant the claims made for it. Information about animals comes to the child from three sources, viz.: from a study of the animal itself, from a study of the environment, from reference books and lectures by the teacher. This book emphasizes the first and second of these sources and...
