

## Space Station: Impact of the Expanded Russian Role on Funding and Research: Nsiad-94-220

By -

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Pursuant to a congressional request, GAO reviewed whether Russian participation in the National Aeronautics and Space Administration s (NASA) space station program will: (1) reduce costs; and (2) increase the space station s research capabilities. GAO found that: (1) the overall impact of expanded Russian involvement in the space station program will not be known for several months; (2) much of the savings resulting from Russian participation in the space station program will be offset by increased funding requirements; (3) some of the estimated savings may not be attributable to Russian participation; (4) current estimates indicate that much of the savings attributed to expanded Russian participation will not be achieved and expanded Russian involvement could result in little or no net savings; (5) Russian participation in the space station program will substantially increase overall station research resources; (6) although Russian participation will increase near-term research opportunities and accelerate the station s assembly schedule, the degree to which the U.S. research community will benefit from these increased capabilities has yet to be determined; and (7) NASA needs to finish...
