Niyogi Books, New Delhi, India. Softcover. Book Condition: New. In search of a new Afghanistan is a bold attempt to change the mainstream rhetoric, perceptions and opinion of Afghanistan as a war ravaged country. It provides a daring new outlook, unveiling several lesser known facts about it while elaborating the thrill and challenges of working from ground zero and also denouncing several myths that color common global perception of this country. Do we have the right balance of development and security assistance towards the reconstruction of Afghanistan? Is the strategy behind pushing the military into both combatant and development roles yielding any dividends in Afghanistan? This well-researched book raises many questions about the situation in Afghanistan and the challenges the country faces. Printed Pages: 274.
