John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, The Responsible Business: Reimagining Sustainability and Success, Carol Sanford, Rebecca M. Henderson, Charles O. Holliday, "When most people think of corporate responsibility, they are focusing on a business's effect on and relationship to stakeholders. A Responsible Business sees stakeholders as full partners and meaningful instruments for the evolution of healthier communities and more successful businesses." from the Introduction The Responsible Business offers a new and strategic approach to doing business that holistically integrates responsibility into all aspects of an organization, allowing for returns at every level, business and social. This book goes beyond the often well intentioned but limited attempts at sustainability to present a framework that allows organizations to bring responsibility into everything they do and re-imagine success. The Responsible Business outlines a framework for building a responsibility and consciousness infrastructure that applies a living systems view to the business and inspires all of its stakeholders, including shareholders. Throughout the book, illustrated by examples from technology to manufacturing, large and small, public and private, Sanford demonstrates how to make responsibility integral to all aspects of a business as an engine for innovation, profitability, and purpose. Praise for The Responsible Business "This is a very significant book. It makes it clear that businesses have a single boss with five interrelated aspects. The stories...
